MODERN RESIDENCES IN THE HEART OF THE MISSION

Designed by renowned architect Stanley Saitowitz, Fifteen Fifteen offers upscale living with an urban edge. The sleek five-story building is comprised of spacious studios, one- and two- bedroom contemporary homes. The buildings' design mirrors the Mission's unique and sociable vibe, bringing attractive features into each condo and multiple common spaces.

Fifteen Fifteen's central location in San Francisco's first neighborhood—the Mission—places you within walking distance to some of the City's most vibrant restaurants, performance spaces, galleries, nightlife venues and indie shopping experiences. Be among the lucky few who call one of the most well-known and loved San Francisco neighborhoods home.

LIVING ROOM

Enjoy a curated backdrop for your daily life. Natural hardwood floors, expansive 9' ceilings, subtle finishes, impeccable attention to details and large windows contribute to an overall feeling of airy spaciousness. Central air conditioning helps you keep your cool on warm Mission days.

ROOFTOP TERRACE

Emphasize the style in your lifestyle. The rooftop terrace is great for viewing Mission stars by night and entertaining or relaxing by day from an elevated perspective. This open air oasis is just an elevator ride away.

GOURMET KITCHEN

Eat, cook and entertain with ease. Caesarstone countertops complement the cabinetry designed by SOZO Studio. Thermador™ and Bosch™ appliances create high-performance kitchens.

BATHROOM

Refresh yourself in cosmopolitan style. The bathrooms incorporate Grohe™ premium fixtures, a modern vanity with lacquered gloss finish, Italian porcelain stoneware flooring and modern tile work in showers and tubs.
